

Workforce Passwordless Identity Package

The 1Kosmos Passwordless Identity Program (PIP) allows your organization to start its workforce journey towards passwordless authentication **risk-free**.

PACKAGED

1Kosmos packages the PIP, so your organization can buy all the planning, the integration and the 1,000 user licenses it needs for the first year.

LICENSE FLEXIBILITY

As adoption accelerates and increases in volume, 1Kosmos adapts to the situation by not imposing any extra charges during the first year. In other words, 1Kosmos finances your adoption.

QUICK DEPLOYMENT

Time frame: 1 week, in and out, which represents a minimal investment of time.

ORGANIC ADOPTION

The 1Kosmos passwordless QR code is displayed on the same login page as your conventional username and password fields to give your workforce a choice when it's time to authenticate.

TARGET FLEXIBILITY

1Kosmos allows you to choose two target systems, so you can experience passwordless authentication. Your choice; Active Directory and any two SAML apps

PASSWORD RESET

When an app or service can't support a passwordless experience, 1Kosmos has an integrated password reset capability available to unify your authentication requirements.

Workforce Passwordless Identity Package

Benefits across the board

BY GOING PASSWORDLESS

- ✓ Deliver frictionless access controls for end users and eliminate password-based attacks.
- ✓ Deliver highly secure identity-based biometric access with high identity assurance.
- ✓ Lower TCO with an easy to deploy, easy to manage platform which reduces help desk calls for your key systems.

PASSWORDLESS IDENTITY PACKAGE

- ✓ Try our passwordless authentication solution while keeping your existing authentication processes.
- ✓ Focus first on the target system that is causing the most help-desk concerns.
- ✓ One step at a time. We're here to assist you when it works for you.

PRICING

\$50,000 *for the first year*
